- b. Contact Name & Phone or Email
- c. Fabric Pattern and Color
- d. Product to be tested on

Dealer Name \_\_\_\_\_ Date \_\_\_\_\_

Contact Name \_\_\_\_\_ Phone \_\_\_\_\_

Address \_\_\_\_\_ City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Contact Email \_\_\_\_\_

**The following fabric is being submitted for testing:**

Fabric Manufacturer \_\_\_\_\_ Pattern \_\_\_\_\_ Color \_\_\_\_\_

Product Name and Model that COM is to be tested \_\_\_\_\_ Quantity \_\_\_\_\_

If testing for Sylvi, please also advise if the pattern should be matched:  seat to back  piece to piece or  both

An upcharge will apply for pattern matching on Sylvi. Any other instructions for positioning of intricate patterns or pattern repeats should be listed below. \_\_\_\_\_

Memo samples need not be backed for testing purposes, however, a light acrylic or latex backing is required on all COM shipped to izzy+ for production use (with the exception of Sylvi, Nemo Trellis, Evan, Snap, Dewey Connection Cart and KEEL where backing is required on a case-by-case basis). Approval of application does not waive the need for backing, all COMs require backing regardless of approval for application. If yardage is received at izzy+ for production use and is unbacked, fabric will be sent out for backing to be applied at a charge of \$3 net per yard and \$30 net service charge per COM colorway. A minimum of 5 yds is required for backing.

COM/COL purchase orders are excluded from izzy+ warranty. izzy+ is not responsible for any COM/COL wear, defects, appearance, or any other physical attribute of the COM/COL. The customer is responsible for providing material that meets any state or federal codes or laws. It is assumed that the customer has inspected any fabric submitted for COM/COL purchase orders.
